★ Go around the gallery and find something that reminds you of the countryside. What is it called? Who is it by?

★ Find a print by Eduardo Paolozzi – draw a section of it using a viewfinder (you'll find one in the creative space). What do you like about it? How many colours have you used?

★ Look carefully in all three galleries - can you find a:
  - Abstract painting:
  - Print:

Outside Sculpture Hunt

Look for the Cittaslow

1. Go outside of the Arts Centre by the main doors. Can you see a big white sculpture? What is it called?

2. Walk from the white sculpture towards car park.

3. On the grass in front of you are 3 funny looking sculptures. What is the name of the artist that made them? What do they remind you of?

Shop. Can you see a giant truck? Take a careful crossing the road. Turn around and walk towards it and when you see the big screen, turn left. Keep walking. Can you see a huge sculpture? What is it called? Can sit in it!

Take some extra paper to draw pictures of your favourite artworks on.
Use a Viewfinder to draw a small section of one of Eduardo Paolozzi’s prints.

Use the cut-out coloured shapes to make art like Patrick Heron...
Use the magazine pages to make a collage portrait...

Use pens to make optical illusion art like Bridget Riley...

Try using contrasting colours....
